

DISTRICT SUPPORT SERVICES DATA CENTER

Conceptual Rendering

The District Support Services Center will begin with the construction of a new Data Center. Located on the north edge of the campus the Data Center will provide a new home for the district's technological nerve center. The new Data Center will consolidate Information Services, Information Technology and Audio Visual in to one facility. The goal is to improve the delivery of technology service and expand capabilities in order to meet the Districts projected future needs.

Thank You District Voters • Your Bond Dollars are Making it Happen
