

STUDENT SERVICES BUILDING

The brand new state-of-the-art Student Services Building will centralize key student services that are currently located in various buildings throughout the campus. The Student Services Building will house Admissions and Records, Financial Aid, Counseling, Disability Support Programs & Services (DSPS), the Student Assessment Center and the WorkNet Program.

The new 50,000 square foot two-story Student Services Building will include an outdoor area and a second story terrace. Its unique architectural design maximizes the available space and adds a visually appealing addition to the existing landscape.

Departments at a Glance

Admissions, Records and Registration Office

The Admissions, Records and Registration Office coordinates the registration process and maintains student records.

Financial Aid and Veterans Services Office

The Financial Aid and Veterans Services Office helps minimize or eliminate the financial barriers that prevent students from pursuing their educational goals. The Financial Aid and Veterans Services Office offers several programs to help bridge the gap between the cost of education and the personal funds available to attend college. The programs include Federal Work Study, State and Federal Grants as well as Veteran and International Student specific options.

Student Assessment Center

The Student Assessment Center exists to enable students to achieve their potential. This is accomplished through properly assessing each student's academic skills in order to properly advise and place students in appropriate courses. Assessment tools measure competency in reading, writing and mathematics.

Guidance and Counseling

The Guidance and Counseling Department works to encourage students to develop their potential through nurturing their academic, career, and personal goals. The department offers services such as career self assessment and planning, guidance in decision making, organization of resources and development of problem solving skills.

Disability Support Programs & Services (DSPS)

The goal of the Disability Support Programs and Services Department is to assist San Joaquin Delta College in creating a learning environment where students with various disabilities have equal access to all of the College's programs, services and activities. This is done through a cooperative effort with students, faculty and staff to promote independence and to ensure the recognition of students' abilities.

WorkNet Program

The WorkNet Program offers students access to a wide range of services at no cost. These services include access to the Internet for job searches, assistance with resume and cover letter writing and access to training in order to develop or refresh skills needed to obtain employment.
